time tunnel challenge heart

play instructions

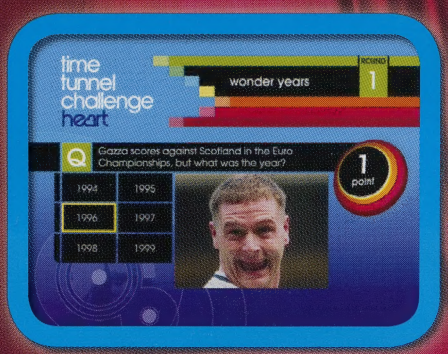
Join Toby Anstis in this first ever DVD Game of Heart's Time Tunnel Challenge – can you and your family guess the year?

First, select the number of players for your game and then the decades from which their questions will be drawn – from either 90s to present day, or the whole 50 years (1956-2006). You will then take turns to answer the questions in each round, with Player One always answering first.

The seven rounds of the game are split into three sections: the opening Wonder Years section (Round 1), the middle Trivia Tunnel part (Rounds 2-6) and the final Beat The Clock quick-fire round (Round 7). The aim is to progress through each of the seven rounds, accumulating more points than your opponents by the end of the game.

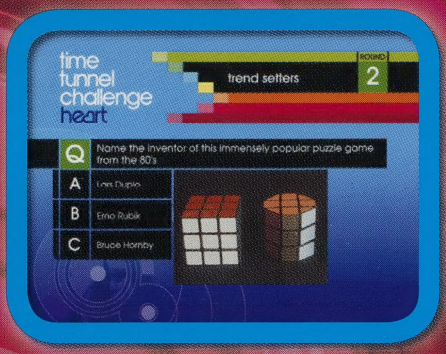
Toby will talk you through each round, giving score updates and personalised feedback on your performance throughout. Once all of you have completed the challenge, you'll be able to see how your scores compare and the totals you've achieved on previous occasions.

Good Luck!



Round 1: Wonder Years

In Wonder Years you'll hear songs and see music videos, news footage and pictures of events that all took place in a single year. Guessing the year after only one piece of footage will earn you five points, but if you ask to see a second or third event - the amount of points you will score will decrease from five, to three and then to one. But beware, if you answer incorrectly at any stage, your score for the entire first round will be zero!



Round 2: Trend Setters

In Trend Setters you'll answer questions on the people, events and objects that defined their eras. If you answer the initial questions correctly (for one point) you'll be given the chance to earn a bonus point by guessing the year in the Trivia Tunnel.

Round 3: The Good And The Bad

In The Good And The Bad you must decide which single performed best in the charts; one a credible solid-gold classic, the other a best-forgotten novelty record! You'll score one point for a correct answer and earn the chance to score a bonus point by guessing the year in the Trivia Tunnel.

Round 4: Real Deal

In Real Deal you have to decide if a statement that's been linked to a picture is either true or false. As before, you'll score one point for a correct answer and earn the chance to score a bonus point by guessing the year in the Trivia Tunnel.

Round 5: Odd One Out

In Odd One Out you'll be shown three pictures of different people and must decide who is the odd one out. Once again, you'll score one point for a correct answer and earn the chance to score a bonus point by guessing the year in the Trivia Tunnel.

Round 6: Guess Who?

In Guess Who? you must guess a star of the Music, Entertainment or Pop Culture world's identity from an obscured image. As with all five Trivia Tunnel rounds, if you answer correctly you'll score one point for a correct answer and a bonus point by guessing the year.

Round 7: Beat The Clock

In the final Beat The Clock section, each player must answer four quick-fire questions against the clock. If all your questions are answered correctly, there's the chance to earn one final bonus point by guessing the year that links the events in the four questions together.

text competition

£100 OFF YOUR NEXT THOMSON HOLIDAY!

warning

Play in a well-lit room and remain a safe distance from the television screen. Avoid playing when tired. Take regular breaks in play. Some people suffer from epileptic seizures. These could happen even if you have never experienced any of the symptoms associated with the condition. Exposure to flashing lights and television images could trigger any one of the following symptoms: convulsions, dizziness, impaired vision, involuntary movement and/or confusion. If you experience any of these symptoms during play then seek IMMEDIATE medical attention. Consult a doctor before playing 'Time Tunnel Challenge' if you suffer from epilepsy.
